Refrigeration

BOXCOLD

Walk-In Cold Rooms

A Leading European Company in Modular Prefabricated Cold Rooms Production at High Innovative, Technological, and Food Safe Standards.

KINGSPAN

Cold Store & Insulated Wall & Roof Panels

Fire safe Quadcore insulation technology across the architectural wall, trapezoidal roof and wall ranges and cold stores.

FRIGA-BOHN

Evaporators HeatCraft

Leader in innovations, FrigaBohn provides cooling CO2 and A2L solutions. Whether you are looking for one specific piece of equipment or an entire refrigeration system, we surely have the perfect solution for you!

DAIKIN

Cooling System Solution

Refrigeration solution for all applications. Unique range with all Components built in along with Reliable & High efficiency ammonia Industrial Special Package systems.

ICEBERG

Refrigeration Equipments

Wide range of domestic and commercial refrigeration solutions for any application, with a unique selection of components, combined with our reliable and high-efficiency industrial special package systems. Our products are designed to provide superior energy savings and reliability, while ensuring optimal performance.

FRASCOLD

Global leader in precision-crafted, high-quality semi-hermetic compressors.

Our diverse, energy-efficient product line offers tailored solutions for unique refrigeration and air conditioning needs.

Air

Conditioning

LENNOX

With a wide range of ENERGY STAR®

Certified products that lower costs through reduced energy demand, Lennox is a single source for efficient, reliable HVAC solutions that professionals continue to depend on year in and year out. We continue to help businesses reduce operating costs while maintaining a high level of comfort!

Fire Rated
Materials

PROMAT

Fire Protection Board & Penetration Seals

Steel protection, smoke barrier, fire resistant ceilings, ventilation & smoke extraction ductwork plenums, & fire compartment walls.

Thermal &
Acoustic
Insulation

THERMOBREAK

Thermal Insulation

“All in one” flexible thermal insulation made from physically crosslinked closed cell polyolefin foam for duct, pipe, tank, under slab, raised floor, wall and roof insulation.

PYROTEK

Noise Control

Flexible mass vinyl noise barrier with superior acoustic transmission loss. Used in all applications to reduce noise spread in walls and ceiling.

Hygiene
Systems

HYGIBREAK

Glasbord Composite Panels with Thermobreak Backing

HYGIBREAK is a combination of Crane Glasbord® FRP panel coated with Surfaseal® film backed with Thermobreak® physically crosslinked insulation assembled to make a unique cladding and self adhesive direct fix hygienic panel.

CRANE COMPOSITES

Glasbord® with Surfaseal® FRP Hygienic Panels

Ideal hygienic wall cladding for areas where both sanitation and durability are required. Made in the USA.

Air
Handling

SOFTDUCTS

Fabric Ducts

Fabric ducts are a cost-effective solution for air distribution. Fabric ducts are hygienic, safe, practical, light and highly adaptable.

Programmable
Controllers

CAREL

Specialist in Control Technology for HVAC & Refrigeration Industry

Specialist in Control Technology for HVAC & Refrigeration Industry with their Innovative Products & Services like Temperature and Humidity Controllers, Electronic Expansion Valves, Programmable Controllers, Local Monitoring System, Remote Monitoring System, Rack Controllers, BLDC Technology etc.

Exhaust & Ventilation

SISTEVEN

Ventilation Fans

Sisteven specializes in all Industrial & Commercial Ventilation Solutions, Normal fans for residential buildings, Extractors for evacuating fumes in car parks & tunnel ventilation systems.

BSK

Ecology Unit

Industrial & Commercial Ecology Unit (Wide Range of ecology unit solutions in Kitchens, hospitals, factories & others).

MERCOR

Natural Smoke and heat exhaust Ventilators, Smoke & Fire Curtains, Skylights

Smoke vents exhaust, combustion gases and heat energy from enclosed spaces (production floors storage spaces, public facilities, etc.)

Racking

STOW

Storage Solutions

As a leader in the warehouse equipment field, our aim is to develop static and automated storage solutions, for palletized goods, medium and small items.

Industrial Doors

LOADING SYSTEMS

Dock Equipment & Industrial Doors

Complete program of products and services for loading and unloading: Dock Leveller, Dock Shelter, Sectional Doors and accessories.

Valves & Copper Tubes

GENEBRE

Fluid Control Valves & Industrial Automation

GENEBRE covers the entire range of fluid control valves for all types of applications such as chilled water, infrastructure (irrigation, drainage) & water supply (plumbing) system.

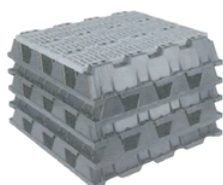

DANFOSS

Refrigeration Control Valves

Danfoss offers key components for HVAC systems, such as valves, regulators, transmitters, filter driers, and industrial sensors for pressure and temperature control.

GEO Cellular Tanks

CROSSWAVE

Innovative Underground Water Storage System

Using Polypropylene material with chemical and water resistance that helps create space to store water while offering an effective usage of its top surface.
